ABOUT V7 TECHNOLOGY LTD

V7 is a well-established supplier of digital dictation systems to the property; legal and medical sectors. Many of the UK's leading commercial property services companies rely on V7 for the reliable and timely production of documents. V7 is proud to supply one of the largest single digital dictation installations to the NHS. Several law firms and barristers' chambers have V7 systems as a key component in their operations.

V7 was the first to put fully-featured voice recording onto mobile devices. Yodal is the culmination of many years experience of delivering and supporting mission critical systems.
